- Game Programming
- VR Development
- Quality Assurance
- Android Development

PROFILE

Senior Unity Developer with 5+ years of professional experience building gameplay systems, multiplayer experiences, VR/AR applications, simulations, and mobile games using Unity and C#. Experienced in gameplay programming, AI systems, optimization, networking, editor tooling, and large-scale Unity projects.

WORK EXPERIENCE

STRATTON STUDIOS | OVE | TCG

Jan 2024 - Present

Sr. Unity Developer

- Gameplay development for a high-profile AAA project, contributing to the creation of immersive and engaging player experiences.
- Designed and implemented AI systems to create dynamic and lifelike behaviors.
- Actively participated in code reviews, providing constructive feedback to ensure code quality.
- Identified and resolved technical challenges, optimizing performance and improvement of development processes.
- Created custom Unity editor tools to automate workflows along with DOTS / ECS systems.

PHIBONACCI SOLUTIONS

Nov 2022 - Jan 2024

Unity Developer

- Coding many training and Maritime projects including aspects such as multiplayer, optimization, rendering, scripts, interface, etc.
- Optimized applications for Android and standalone VR
- Developed Mixed Reality projects (ARCore & Quest 2) for immersive experiences along with EdTech projects.
- Collaborating with the Animators, 3D Artists, Software and UI/UX Developers for the implementation for different features.

COMELY ENTERPRISES

Nov 2020 - Dec 2022

Game Developer

- Developing and Updating the gameplay and mechanics for 10+ Hyper Causal Mobile Games from scratch including graphic designing, animations, AdSense and music.
- Developing and Integrating the gameplay and mechanics for J.O.S.H multiplayer FPS game.
- Playtesting all the new features and handling backend and accounts for statistics and AdSense.

TECH SKILLS

- C#, C++, OOP, SOLID
- Gameplay Programming, AI, Physics, UI, Animation
- ScriptableObjects, Addressables, Editor Tools
- Shader Graph, URP, HDRP, Profiling, Optimization
- Photon Fusion, PUN2, Mirror, Netcode for Gameobjects
- Meta Quest, ARCore, ARKit, Vuforia
- Git, Plastic SCM, Bitbucket, Jira
- Google AdMob, Iron source, Unity Ads
- Swagger, Firebase, Postman

EDUCATION

B.E Computer Science and Engineering
G.H.R.C.E, Nagpur (Autonomous) | 2017 - 2021
CGPA: 8.4 / 10

XII Higher Secondary, Science
Saraswat Junior College, MSBSHSE | 2015 - 2017

FEATURED PROJECTS

AAA Multiplayer Game (Confidential): Gameplay systems, AI, optimization, editor tooling, prefab integration.

Maritime VR Simulator: Quest-based training simulation with multiplayer and performance optimization.

Hyper Casual Games: 10+ published titles with ads, analytics, and live updates.
